Training from Dangerous Goods Experts You Can Trust

For over 30 years, Currie Associates has been providing training to clients in all types of industries. Our courses and services fit your specific needs and ensure your employees are fully trained, tested, and certified.

Ensuring that all your DG employees are appropriately trained and certified is critical to the success of your business – but it can also be a challenge. At Currie Associates, we work hard to make hazmat training as easy and stress-free as possible for you and your employees.

Our hazmat training programs are developed and taught by our team of industry practitioners who form our technical team. Our hazmat training courses ensure your employees are well prepared and equipped with the knowledge they need to keep your business running smoothly.

Value for our clients is our #1 goal.

2

Human error due to a lack of training is the number one cause of incidents in the transport of dangerous goods.

Who Needs Training?

The U.S. Department of Transportation (DOT), International Maritime Organization (IMO), the European Union, the International Civil Aviation Organization (ICAO), and other regulatory bodies require that all dangerous goods employees receive training. **Anyone involved in the preparation or transport of dangerous goods in your company is required to be trained.**

These functions include, but are not limited to:

- Managers
- Classifying products or materials
- Packing
- Marking, labeling, or placarding
- Loading/unloading cargo
- Preparing, validating, or signing transport documents
- Offering materials for transport
- Accepting or receiving materials
- Handling in transport
- Preparing or loading
- Transporting or carrying

Training is available in English, French and Spanish.

Here's How We Help You With Your Training.

e-Learning Solutions

- **Online Training.** Eliminate barriers. Great for new hires and gap training.
- **Learning Management System Training.** Reduce training costs. Increase productivity.

Instructor-Led Options

- **Onsite Training.** One-on-one interaction with instructor. Customized courses at your location.

*Also available in Spanish

Learning Management System Training

Reduce training costs. Increase productivity.

We can review or create new – it's up to you.

Does your company use their own Learning Management System (LMS)?

Have an existing program?

Save time and resources as we review and update your current courses to the latest regulations, standards, and technology.

Need a new program developed?

e-Learning training is a solution that allows you to tailor your training program to meet the needs of your employees. The courses would be uploaded to your company's learning management system (LMS) providing unlimited access to these courses.

We offer a family of dangerous goods transportation training programs (including 49 CFR, ICAO/IATA, IMDG Code, ADR, TDGR Canada, Mexican NOMs, and more), as well as specialty training programs to meet your specific needs, such as:

- Bulk Loading & Unloading
- Cargo Securement
- Closure Instructions
- CMV Driver Qualification
- Combination Packaging
- DOT Hazardous Waste Manifest
- Drivers Hours of Service
- Reasonable Suspicion – Drug & Alcohol

Don't have a corporate LMS? Third-party options are available. Contact Currie Associates at **518.761.0668**.
